MEMORANDUM FOR: Chief, Records Management Division
VIA: FI/Admin, CI Staff and SSA-DD/S
SUBJECT: DD/P Area in Agency Records Center

1. Reference is made to your suggestion of 2 May 1955 that a memorandum be prepared concerning the physical security requirements of the DD/P area of the new Agency records center in [REDACTED] 25X1A6a
2. To satisfy the DD/P needs for compartmentation of an area for the storage of sensitive inactive records, it is requested that the door to the inner area be equipped with a three way combination manipulation proof lock and that any exposed bolts or removable door hardware be made tamperproof by welding or riveting.
3. This requirement is based upon the necessity for operational security as provided in precedent set by RI/Archives and the DD/P Vital Materials vault.
